

BEARING OIL TEMP SENSORS

with adjustable mounting bushing

Specifications:

Type	:	single mi-cable mineral insulated thermocouple or resistance thermometer
Thermocouple type	:	iron-constantan, type J chromel-alumel, type K insulated junction
Standard limits or error	:	ANCI MC 96.2 / IEC-584
Resistance type and tolerances	:	Pt100, IEC-751 class B, 3-wire system
Outside diameter	:	4,8 mm
Sheath material	:	SS 316
Cold end	:	50 mm bare ends
Mounting bushing	:	to be ordered separately; see below
Probe length 'A'	:	to be specified; replace box in ordering code with your required length; our standard length is 7000 mm
Approval	:	Bureau Veritas

Ordering code:

Sensor type

			'A'
J	OTP-15081-	J	-□mm
K	OTP-15081-	K	-□mm
Pt100	OTP-15085-Pt100-		□mm

□ = probe length 'A' in mm (to be specified)

Mounting bush thread

M18 x 1,5	OTP-91481
M24 x 1,5	OTP-91482
1/2" BSP.P	OTP-91483
